Study Abroad

Live and study abroad in a Spanish or French-speaking place!

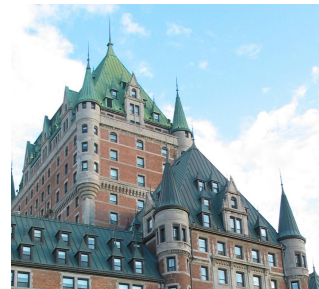

Spend your week studying in San Juan... and your weekends at the beach!
Several of our students took advantage of this program:

“I had spent two semesters in Puerto Rico, and I had a wonderful time! Students who study abroad develop sensitivity to global issues and have a competitive edge.” - *Heidi Duncan, Biology major, French minor, currently in Medical School in Trinidad*

“Studying in Puerto Rico for a semester was valuable to me as a Spanish major because there is no better way to learn a language than by living in a place where it is spoken. I made lifelong friends from around the world with whom I still keep in contact.” - *Josh Hemlee, Spanish major now teaching Spanish at SCSU*

“The Puerto Rican experience was real character-building because we had to deal with budgeting, cleaning, and cooking while living in a new culture. Puerto Rico has a rich and diverse culture, and I have lasting impressions of the open art galleries, the food, and dance...the immersion has been invaluable for my career in business.” - *Sheldon Floyd, Business major currently using his Spanish in management with CVS*

Spend a semester in France or in Quebec, French-speaking Canada.
