“Lift a Bulldog”
Our staff at South Carolina State is encouraging your help in efforts to fund our summer school program for our scholarship football players. This program is designed to enroll these players into summer courses and place them on our campus during the Summer II session starting on June 22nd and ending on July 30th. While on campus they can achieve academic progress toward their respective degree along with being exposed to our vital off-season workout routine under our strength and conditioning coach Torre Becton.

“In my experience as a strength and conditioning professional I have found the benefits of a full-participation, off-season strength training program to be invaluable to the success of the team and tremendously advantageous in the development of the individual athlete. This summer conditioning program will offer an opportunity for the most intense training of the season to be conducted which will develop team cohesiveness and mental toughness through physical adversity."

-Torre Becton, Strength & Conditioning Coach
(formally of the Houston Texans)
