GENERAL INFORMATION

PURPOSE OF THE SUMMER TERM

In keeping with the mission of South Carolina State University, the purposes of the summer term are (1) to provide an opportunity for students to engage in enrichment and/or accelerated courses or programs, (2) to provide an opportunity for educators and allied professionals to pursue advanced degrees or fulfill recertification requirements, and (3) to provide an opportunity for social services and business personnel to pursue professional development courses using the University's traditional or technologically advanced delivery systems.

ADVANTAGES OF ATTENDING SCSU IN THE SUMMER

Because the summer term at the University encompasses multiple sessions, students find that study during this time has a number of advantages. A student can earn up to fifteen semester credit hours which could possibly result in an early graduation date, in the improvement of a grade point average, in the reduction of a course load during the regular academic year or in the opportunity to get a course of study back on track. A number of obstacles, including distance, that prevent summer school attendance have been removed. Some courses are being offered using interactive video and satellite technology. A variety of courses are offered during the summer term and they are conveniently scheduled to meet the needs and desires of traditional and nontraditional students. Furthermore, visiting students can earn academic credit that will transfer to the degree college, and entering freshmen can get a head start on college courses. Finally, a number of courses are available to persons wishing to renew teaching certificates or to those interested in self-improvement. There is something for everyone on the summer campus at South Carolina State University.

SUMMER FACULTY

Some courses will be taught by regular members of the South Carolina State University faculty who will be in residence during the summer term. In addition, experienced and outstanding professors from other educational institutions throughout the country have also been invited to teach. During the summer sessions, class sizes are smaller and students enjoy the individualized attention and stimulating interaction with the faculty.

STUDENT ENROLLMENT STATUS

Admission to Summer School at South Carolina State University does not imply acceptance as a degree candidate in any of the schools or programs. **The undergraduate students at South Carolina State University are required to preregister for summer school with the chairs of their respective departments. Grades earned in summer school by students on academic probation may be used for the purpose of removing their academic probationary status. Consequently, only those grades earned during the summer at South Carolina State University will be applicable to a change in a student's probationary status.**

- **Transient Students** (Non-South Carolina State University Students) must complete and submit an application form (located near the end of this publication) to the Office of Admissions and Recruitment before admission can be granted, whether the course is to be taken for credit or audit. Applications should be submitted to the Office of Admissions and Recruitment by **April 01, 2009**. In addition, visiting students must secure approval to register for courses at South Carolina State University from the dean and/or chair of the college or university at which they are enrolled full-time.
- **Persons not enrolled in any college or university** must present appropriate credentials to the Office of Admissions and Recruitment. Admission is possible upon the approval of credentials.
- **Persons who wish to be admitted to workshops, conferences, institutes**, or any special program being conducted during the summer term should write directly to the director of the individual program for information.

GENERAL INFORMATION

- **Auditors** (persons not taking courses for credit and who are not subject to examinations) are admitted with the approval of the Office of Admissions and Recruitment. No auditors, however, are accepted for language courses.
- **Graduate Students** must meet the **April 01, 2009** admission deadline for new students. Previously admitted graduate students must file the readmission form along with the summer school application by **April 30, 2009**. (Late applicants should contact the graduate office for emergency assistance.) Graduate students enrolled in degree programs at other institutions, but wishing to take graduate courses at South Carolina State University in a transient status, must be properly admitted by the April deadline.

ALCOHOL AND DRUG POLICY

South Carolina State University promotes a drug-free environment. In this connection, students must be aware that there are policies governing the use and possession of alcohol and drugs on campus. For details of these policies, students should refer to the South Carolina State University Alcoholic Beverage and Drug Policies. Additionally, students need to examine closely the Student Code of Conduct, which details conduct violations, as well as the disciplinary processes and sanctions that may be imposed for violating the code of conduct.

SUMMER REGISTRATION

FINANCIAL AID

Students who wish to be considered for financial aid during the summer must file the 2008-2009 Free Application for Federal Student Aid (FAFSA). In addition, a South Carolina State University financial aid application (located at the end of this publication) must be submitted to the Office of Financial Aid. For all questions regarding summer financial assistance, contact the **Financial Aid Office, South Carolina State University, 300 College Street, NE, Post Office Box 7386, Orangeburg, SC 29117, (803) 536-7067**.

GRADE REPORTS

Grade reports may be obtained via “*Bulldog Connection*” at www.scsu.edu at the end of the summer school.

GRADES AND SYMBOLS

Grades are recorded for students who are officially enrolled taking courses for credit. Final grades for Summer School courses are recorded as letters not as numbers. The schedule of letter grades and the numerical equivalents are presented below for the benefit of Non-South Carolina State University students whose academic institutions use a numerical system.

Undergraduate Grades	Quality Point Per Credit Hour	Numerical Equivalent
A - Excellent	4	90 - 100
B - Good	3	80 - 89
C - Fair	2	70 - 79
D - Passing (Undergraduate only)	1	60 - 69
D- - Failure (Graduate students only)	0	
F - Failure	0	Below - 60
P - Passing		
UF - Unofficial Withdrawal		
W - Withdraw		
WP - Withdrawn Passing		
WF - Withdrawn Failing after three class meetings of a three, four, five, six, or ten week session, and after the second class meeting of a one or two week session.		
I - Incomplete - either course work has not been completed or no grade has been submitted.		
NP - Indicates progress toward the completion of a thesis or dissertation;		
SP - Carries credit hours, but no quality points

REMOVAL OF INCOMPLETE GRADES

An incomplete award which is not removed within one year after the grade, automatically becomes an F. The last day for instructors to remove an incomplete grade is published in the University Calendar for each semester.

ADMISSIONS REQUIREMENTS AND PROCEDURES

1. Graduate study is significantly different from undergraduate study, particularly in its focus on independent inquiry and scholarly pursuit of new knowledge in highly-specialized fields of study. Therefore, admission into the School of Graduate Studies is primarily dependent upon the applicant's demonstrated ability to pursue scholarly work, research, and writing at the rigorous level required in advanced study. The Admissions and Retention Committee of the School of Graduate Studies is responsible for reviewing the application file of each degree-seeking applicant (doctoral, master's, or specialist) and for recommending to the dean of the School of Graduate Studies for admission into "Full," "Nondegree" or "Conditional" standing or nonadmission. The Committee's recommendations are based on, but not limited to, completeness of required documentation, undergraduate academic record, relevance of past undergraduate and/or graduate study, MAT, GRE, GMAT, and/or PRAXIS test scores, and professional recommendations. An applicant is eligible to register and pursue graduate courses within the limits of his/her admissions status only after receiving official notification of the Committee's recommendation(s) in a letter signed by the dean of the School of Graduate Studies.

ENROLLMENT STATUS

New master's level applicants may be admitted to the following statuses and each must follow instructions for the specific status found in the **Graduate Catalog** and in the letter of admission:

1. **Full Admission** -- limited to degree-seeking applicants who have submitted all credentials and meet all standards as prescribed by the current **Graduate Catalog**.
2. **Nondegree Admission** -- provided for nondegree-seeking applicants and, on a temporary basis, for degree seeking students unable to meet filing deadlines with all required credentials. Nondegree students may not be eligible for financial aid.
3. **Conditional Admission** -- allowed for academically deficient applicants (Undergraduate GPA=2.350 to 2.499) as a means of meeting the equivalent of the 2.50 GPA required for all master's programs. Conditionally admitted students may not be eligible for financial aid.

Doctoral and specialist level applicants may be admitted only as follows:

1. **Full Admission** -- limited to applicants to advanced programs only (Ed.D. or Ed.S.) who have furnished all credentials, met all standards as specified in the Graduate Catalog and are eligible to seek admission to one of the advanced degree programs.
2. **Nondegree Admission (Advanced Level)** -- provided for advanced level applicants who have completed a master's or higher degree, but who have not met all standards for admission to an advanced program. Nondegree students may not be eligible for financial aid.

Other Applicant Categories

1. **Certification Only** -- This status is limited to persons who possess a current educator certificate and a baccalaureate degree, but who seek admission to graduate study for purposes of renewing their educator certificate or adding on another certification area. If a "Certification Only" student decides at a later date to pursue other graduate study in this status, an application for readmission must be submitted. However, if a "Certification Only" student wishes to change to another graduate admission status, he or she must meet all of the School of Graduate Studies and degree program admission standards and submit the requisite credentials. The Chair of the Department of Education is advisor to all "Certification Only" students.
2. **Readmission** -- All students in good academic standing who have not enrolled for one or more semesters must file a readmission form with the Office of Graduate Services not less than 20 working days before the opening

date of registration.

GRADUATE STUDIES

PROGRAM OFFERINGS

The Graduate Studies Program offers fourteen degree programs, The Master of Education (M.ED.) degree has four subject-matter areas: Counselor Education, Elementary Education, Special Education, and Secondary Education, with seven subject-matter concentrations (previously called minors) in the latter. The Master of Arts in Teaching (MAT) degree is offered in five specialty areas. The Master of Arts (M.A.) degree is offered in Rehabilitation Counseling and in Speech Pathology and Audiology, and the Master of Science (M.S.) degree may be pursued in Nutritional Sciences, Individual and Family Development, Agribusiness and Transportation. The Master of Business Administration offers options in Agribusiness and Entrepreneurship. The Doctoral (Ed.D.) and Specialist (Ed.S.) degrees are offered in the area of Educational Administration only.

STUDENT RESPONSIBILITY

Each graduate student is responsible for the proper and timely completion of all requirements for his/her degree program and for satisfying the general regulations of the university. To assist the student in meeting this responsibility, the University provides copies of the **Graduate Catalog** through the School of Graduate Studies. In addition, degree-seeking students will be assigned an academic advisor by the departmental chair who administers the student's degree program. The dean of the School of Graduate Studies provides enrollment authorization and limited advisement services to conditional and nondegree students, except those seeking certification credit as noted above. The advisor will assist the student in understanding degree requirements, program planning, sequencing, scheduling, registration, etc.; however, the student has final responsibility for fulfilling all degree requirements. In keeping with the significant difference between graduate and undergraduate study, graduate advisement is totally non-paternal. Graduate students are expected to make mature independent choices based on thorough study and understanding of school and program regulations. Minimal coaching will be provided by advisors to ensure understanding, but students, not advisors, must accept the logical consequences of their own choices.

Application Filing Deadlines: Each degree seeking applicant is responsible for following the detailed instructions on the Application for Graduate Admission form available through the School of Graduate Studies, Attention: Graduate Admissions, South Carolina State University, 300 College Street, NE, Orangeburg, SC 29117. The application for admission and all required credentials must be submitted no later than June 15, for the fall semester; November 1, for the spring; and May 1, for the summer sessions. **All applicants for graduate credit** (degree or nondegree) must initially complete the standard Application for Graduate Admission.

COURSE LOAD

A full student load consists of 9 semester hours during any academic term. Registration for more than 12 hours in during the full summer term must be approved by the student's advisor and the dean of the School of Graduate Studies.

Full-time Students - A full-time graduate student is enrolled in 9 semester hours during any academic term.
