GENERAL INFORMATION

PURPOSE OF THE SUMMER TERM

In keeping with the mission of South Carolina State University, the purposes of the summer term are (1) to provide an opportunity for students to engage in enrichment and/or accelerated courses or programs, (2) to provide an opportunity for educators and allied professionals to pursue advanced degrees or fulfill recertification requirements, and (3) to provide an opportunity for social services and business personnel to pursue professional development courses using the University's traditional or technologically advanced delivery systems.

ADVANTAGES OF ATTENDING SC STATE IN THE SUMMER

Because the summer term at the University encompasses multiple sessions, students find that study during this time has a number of advantages. A student can earn up to fifteen semester credit hours which could possibly result in an early graduation date, in the improvement of a grade point average, in the reduction of a course load during the regular academic year or in the opportunity to get a course of study back on track. A number of obstacles, including distance, that prevent summer school attendance have been removed. Some courses are being offered using interactive video and satellite technology. A variety of courses are offered during the summer term and they are conveniently scheduled to meet the needs and desires of traditional and nontraditional students. Furthermore, visiting students can earn academic credit that will transfer to the degree college, and entering freshmen can get a head start on college courses. Finally, a number of courses are available to persons wishing to renew teaching certificates or to those interested in self-improvement. There is something for everyone on the summer campus at South Carolina State University.

SUMMER FACULTY

Some courses will be taught by regular members of the South Carolina State University faculty who will be in residence during the summer term. In addition, experienced and outstanding professors from other educational institutions throughout the country have also been invited to teach. During the summer sessions, class sizes are smaller and students enjoy the individualized attention and stimulating interaction with the faculty.

STUDENT ENROLLMENT STATUS

Admission to Summer School at South Carolina State University does not imply acceptance as a degree candidate in any of the schools or programs. **The undergraduate students at South Carolina State University are required to preregister for summer school with the chairs of their respective departments. Grades earned in summer school by students on academic probation may be used for the purpose of removing their academic probationary status. Consequently, only those grades earned during the summer at South Carolina State University will be applicable to a change in a student's probationary status.**

- **Transient Students** (Non-South Carolina State University Students) must complete and submit an application form (located near the end of this publication) to the Office of Admissions and Recruitment before admission can be granted, whether the course is to be taken for credit or audit. Applications should be submitted to the Office of Admissions and Recruitment by **April 15, 2010**. In addition, visiting students must secure approval to register for courses at South Carolina State University from the dean and/or chair of the college or university at which they are enrolled full-time.
- **Persons not enrolled in any college or university** must present appropriate credentials to the Office of Admissions and Recruitment. Admission is possible upon the approval of credentials.
- **Persons who wish to be admitted to workshops, conferences, institutes**, or any special program being conducted during the summer term should write directly to the director of the individual program for information.

GENERAL INFORMATION

- **Auditors** (persons not taking courses for credit and who are not subject to examinations) are admitted with the approval of the Office of Admissions and Recruitment. No auditors, however, are accepted for language courses.
- **Graduate Students** must meet the **April 01, 2010** admission deadline for new students. Previously admitted graduate students must file the readmission form along with the summer school application by **April 30, 2010**. (Late applicants should contact the graduate office for emergency assistance.) Graduate students enrolled in degree programs at other institutions, but wishing to take graduate courses at South Carolina State University in a transient status, must be properly admitted by the April deadline.

ALCOHOL AND DRUG POLICY

South Carolina State University promotes a drug-free environment. In this connection, students must be aware that there are policies governing the use and possession of alcohol and drugs on campus. For details of these policies, students should refer to the South Carolina State University Alcoholic Beverage and Drug Policies. Additionally, students need to examine closely the Student Code of Conduct, which details conduct violations, as well as the disciplinary processes and sanctions that may be imposed for violating the code of conduct.

SUMMER REGISTRATION

FINANCIAL AID

Students who wish to be considered for financial aid during the summer must file the 2009-2010 Free Application for Federal Student Aid (FAFSA). In addition, a South Carolina State University financial aid application (located at the end of this publication) must be submitted to the Office of Financial Aid. For all questions regarding summer financial assistance, contact the **Financial Aid Office, South Carolina State University, 300 College Street, NE, Post Office Box 7386, Orangeburg, SC 29117, (803) 536-7067**.

GRADE REPORTS

Grade reports may be obtained via “*Bulldog Connection*” at www.scsu.edu at the end of the summer school.

GRADES AND SYMBOLS

Grades are recorded for students who are officially enrolled taking courses for credit. Final grades for Summer School courses are recorded as letters not as numbers. The schedule of letter grades and the numerical equivalents are presented below for the benefit of Non-South Carolina State University students whose academic institutions use a numerical system.

Undergraduate Grades	Quality Point Per Credit Hour	Numerical Equivalent
A - Excellent	4	90 - 100
B - Good	3	80 - 89
C - Fair	2	70 - 79
D - Passing (Undergraduate only)	1	60 - 69
D- - Failure (Graduate students only)	0	
F - Failure	0	Below - 60
P - Passing		
UF - Unofficial Withdrawal		
W - Withdraw		
WP - Withdrawn Passing		
WF - Withdrawn Failing after three class meetings of a three, four, five, six, or ten week session, and after the second class meeting of a one or two week session.		
I - Incomplete - either course work has not been completed or no grade has been submitted.		
NP - Indicates progress toward the completion of a thesis or dissertation;		
SP - Carries credit hours, but no quality points		

South Carolina State University employs a quality point system as indicated above. The quality points are obtained by multiplying the number of credits attempted by the value assigned to the grade earned, (e.g., English [3 credits] with an A grade merits 12 quality points.)

REMOVAL OF INCOMPLETE GRADES

An incomplete award which is not removed within one year after the grade, automatically becomes an F. The last day for instructors to remove an incomplete grade is published in the University Calendar for each semester.

Family Educational Rights and Privacy Act (FERPA) Notification of Rights

The federal Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records, subject to certain specific exceptions. A student wishing to review his/her education records should submit to the registrar, academic dean or other appropriate official a written request that identifies the records he/she wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official will advise the student of the correct official to whom the request should be addressed

2. The right to request the amendment of the student's education records. A student may ask the University to amend a record that he/she believes is inaccurate or misleading. The student should write the University official responsible for the record, clearly identifying the part of the record he/she wants changed and specifying how it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his/her right to a hearing as well as the hearing procedures.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without the student's consent. One exception is disclosure to other University officials who have been determined to have a legitimate educational interest in the information. A University official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position; a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another University official in performing his/her duties.

A University official has a legitimate educational interest if the official needs to review an education record in order to perform his/her official duties. Upon request, the University also discloses education records without the student's consent to:

- University officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes; attorney
- Appropriate parties in connection with financial aid to a student;

- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

In addition, directory information may be disclosed without a student's consent unless the student has advised the registrar in writing that he/she wishes to restrict access to this information. "Directory Information" includes:

- Student's name
- Participation in officially recognized activities and sport

- Electronic mail address
- Photograph
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level

4. The right to file a complaint with the U.S. Department of Education concerning the University's alleged failure to comply with FERPA. The name and address of the office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202- 4605.

CAPP for Students

What is CAPP-Curriculum Advising and Program Planning?

CAPP is an advising tool used by students, faculty and the Staff of the Registrar's Office to evaluate coursework against degree requirements. CAPP produces a report reflecting academic progress toward completion of an undergraduate degree in the student's declared or proposed major. The CAPP degree evaluation report shows how SC State University courses, transfer courses, and courses in-progress apply towards degree requirements. Also, coming soon for Graduate Students.

Important Reminders

- CAPP degree evaluations are not official. For undergraduate students, final approval for graduation is determined by the Registrar's Office in collaboration with academic departments. For graduate students by the School of Graduate Studies.
- CAPP degree evaluation does not take the place of regular academic advising with your academic advisor.
- CAPP degree evaluation does not take the place of personal tracking of your degree progress as outlined in the University Catalog - [University Catalog](#)
- For additional help, please email CAPP questions and concerns about graduation to registrar@scsu.edu

Frequently Asked Questions

If, after reviewing these questions and answers, you need additional information, please contact the Registrar’s Office at 803-516-4915 or 536-7185.

Who can use the CAPP degree evaluation?

All degree seeking students and current faculty and/or staff can advise students.

Why are some courses hyperlinked on my degree evaluation and some are not? How can I see the descriptions for all courses in my program?

The system only hyperlinks courses that you have not yet taken and that are specifically required (i.e., not part of a list of several courses) for your program as designated in the online [University Catalog](#). Click the hyperlinked course for a course description.

What is a “What-If” Evaluation?

The “What-If” option allows you to run an evaluation of any program and major. Students who matriculated prior to fall 2005 can select fall 2005 as the Entry Term.

What does the “Entry Term” mean? What does the “Evaluation Term” mean?

The “Entry Term” is the fall semester of the catalog year your requirements will be evaluated against. For example, students entering from fall 2005 up to, but not including spring 2009, would use an “Entry Term” of fall 2005, 200610. The “Evaluation Term” is the term you expect to graduate.

Why is the Expected Graduation Date on the evaluation incorrect?

At SC State, the date does not always reflect the actual Expected Graduation Date and should be ignored. The Expected Graduation Date is set a number of years beyond the current semester so that loan companies do not put students into repayment status.

How does CAPP decide where to place the courses I have completed?

CAPP processes your courses chronologically, based on a “best-fit” approach and the way the requirements are defined. It will look through each of your courses, and then assign each course to the first requirement in your degree program that the course will fulfill.

Does the CAPP evaluation include in-progress courses?

Yes. CAPP includes all courses in which a student is registered.

Some requirements have “and” or “or” next to them. What does this mean?

A requirement with an “or” beside it means that you can take the requirement that is listed next to or the one listed above it. A requirement with an “and” next to it means that you must take both the requirement that is listed next to and the one above it.

What happens to a course when I receive an “I” (incomplete) grade?

Courses with incomplete grades appear as unused on the evaluation until a final grade has been recorded. Then the course will be used appropriately.

What do I do if CAPP lists my major incorrectly?

Please notify the Registrar’s Office if your major is listed incorrectly. To change a major, students must complete a Change of Major Form with all required signatures and submit Form to the Registrar’s Office http://www.scsu.edu/files/Registrars_Office/ChangeMajor.pdf.

I can only process my evaluation on one major at a time. What if I am a double major?

To evaluate a second major, use the “What-If Analysis” as noted above.

I have not declared my major yet, how can I be sure I am on track with my prospective major?

Use the “What-If Analysis” to evaluate your coursework against any major program available.

What is the overall GPA that is listed on the first page of the evaluation?

The overall grade point average is your cumulative grade point average.

What if I have a problem with my evaluation? Who should I contact?

- Your advisor or department chair
- Registrar’s Office, Moss Hall 204

GRADUATE STUDIES

ADMISSIONS REQUIREMENTS AND PROCEDURES

1. Graduate study is significantly different from undergraduate study, particularly in its focus on independent inquiry and scholarly pursuit of new knowledge in highly-specialized fields of study. Therefore, admission into the School of Graduate Studies is primarily dependent upon the applicant's demonstrated ability to pursue scholarly work, research, and writing at the rigorous level required in advanced study. The Admissions and Retention Committee of the School of Graduate Studies is responsible for reviewing the application file of each degree-seeking applicant (doctoral, master's, or specialist) and for recommending to the dean of the School of Graduate Studies for admission into "Full," "Nondegree" or "Conditional" standing or nonadmission. The Committee's recommendations are based on, but not limited to, completeness of required documentation, undergraduate academic record, relevance of past undergraduate and/or graduate study, MAT, GRE, GMAT, and/or PRAXIS test scores, and professional recommendations. An applicant is eligible to register and pursue graduate courses within the limits of his/her admissions status only after receiving official notification of the Committee's recommendation(s) in a letter signed by the dean of the School of Graduate Studies.

ENROLLMENT STATUS

New master's level applicants may be admitted to the following statuses and each must follow instructions for the specific status found in the **Graduate Catalog** and in the letter of admission:

1. **Full Admission** -- limited to degree-seeking applicants who have submitted all credentials and meet all standards as prescribed by the current **Graduate Catalog**.
2. **Nondegree Admission** -- provided for nondegree-seeking applicants and, on a temporary basis, for degree seeking students unable to meet filing deadlines with all required credentials. Nondegree students may not be eligible for financial aid.
3. **Conditional Admission** -- allowed for academically deficient applicants (Undergraduate GPA=2.350 to 2.499) as a means of meeting the equivalent of the 2.50 GPA required for all master's programs. Conditionally admitted students may not be eligible for financial aid.

Doctoral and specialist level applicants may be admitted only as follows:

1. **Full Admission** -- limited to applicants to advanced programs only (Ed.D. or Ed.S.) who have furnished all credentials, met all standards as specified in the Graduate Catalog and are eligible to seek admission to one of the advanced degree programs.
2. **Nondegree Admission (Advanced Level)** -- provided for advanced level applicants who have completed a master's or higher degree, but who have not met all standards for admission to an advanced program. Nondegree students may not be eligible for financial aid.

Other Applicant Categories

1. **Certification Only** -- This status is limited to persons who possess a current educator certificate and a baccalaureate degree, but who seek admission to graduate study for purposes of renewing their educator certificate or adding on another certification area. If a "Certification Only" student decides at a later date to pursue other graduate study in this status, an application for readmission must be submitted. However, if a "Certification Only" student wishes to change to another graduate admission status, he or she must meet all of the School of Graduate Studies and degree program admission standards and submit the requisite credentials. The Chair of the Department of Education is advisor to all "Certification Only" students.
2. **Readmission** -- All students in good academic standing who have not enrolled for one or more semesters must file a readmission form with the Office of Graduate Services not less than 20 working days before the opening

date of registration.

GRADUATE STUDIES

PROGRAM OFFERINGS

The Graduate Studies Program offers fourteen degree programs, The Master of Education (M.ED.) degree has four subject-matter areas: Counselor Education, Elementary Education, Special Education, and Secondary Education, with seven subject-matter concentrations (previously called minors) in the latter. The Master of Arts in Teaching (MAT) degree is offered in five specialty areas. The Master of Arts (M.A.) degree is offered in Rehabilitation Counseling and in Speech Pathology and Audiology, and the Master of Science (M.S.) degree may be pursued in Nutritional Sciences, Individual and Family Development, Agribusiness and Transportation. The Master of Business Administration offers options in Agribusiness and Entrepreneurship. The Doctoral (Ed.D.) and Specialist (Ed.S.) degrees are offered in the area of Educational Administration only.

STUDENT RESPONSIBILITY

Each graduate student is responsible for the proper and timely completion of all requirements for his/her degree program and for satisfying the general regulations of the university. To assist the student in meeting this responsibility, the University provides copies of the **Graduate Catalog** through the School of Graduate Studies. In addition, degree-seeking students will be assigned an academic advisor by the departmental chair who administers the student's degree program. The dean of the School of Graduate Studies provides enrollment authorization and limited advisement services to conditional and nondegree students, except those seeking certification credit as noted above. The advisor will assist the student in understanding degree requirements, program planning, sequencing, scheduling, registration, etc.; however, the student has final responsibility for fulfilling all degree requirements. In keeping with the significant difference between graduate and undergraduate study, graduate advisement is totally non-paternal. Graduate students are expected to make mature independent choices based on thorough study and understanding of school and program regulations. Minimal coaching will be provided by advisors to ensure understanding, but students, not advisors, must accept the logical consequences of their own choices.

Application Filing Deadlines: Each degree seeking applicant is responsible for following the detailed instructions on the Application for Graduate Admission form available through the School of Graduate Studies, Attention: Graduate Admissions, South Carolina State University, 300 College Street, NE, Orangeburg, SC 29117. The application for admission and all required credentials must be submitted no later than June 15, for the fall semester; November 1, for the spring; and May 1, for the summer sessions. **All applicants for graduate credit** (degree or nondegree) must initially complete the standard Application for Graduate Admission.

COURSE LOAD

A full student load consists of 9 semester hours during any academic term. Registration for more than 12 hours in during the full summer term must be approved by the student's advisor and the dean of the School of Graduate Studies.

Full-time Students - A full-time graduate student is enrolled in 9 semester hours during any academic term.
