Student Responsibilities

Veteran students at SC State have ongoing responsibilities to the Department of Veteran Affairs. The Department of Veteran Affairs and the Registrar's Office closely monitors each veteran student's enrollment status and academic program, primarily since the student's entitlement is based upon the number of credit hours for which a student is enrolled and any changes in academic program.

The Following are Expected of all Student Veterans and Dependents each Semester:

- VA certification is validated each semester. You are required to submit Certification documentation to the Veterans Coordinator to ensure that you are certified. Students must complete their registration and certify their enrollment by June 1 for the fall term and December 1 for the spring term.
- You must maintain satisfactory progress to retain benefits.
- You are prohibited from receiving educational benefits for auditing a course.
- You will not receive benefits for repeated courses, unless they are graduation requirements.
Student Responsibilities

- You must be formally admitted as a degree-seeking student after completing two semesters.
- Register only for courses that are required for completion of your selected degree.
- Do not register in courses for which you have previously received a passing grade/credit (even if taken at another institution).
- (Chapters 30, 1606, & 1607 only). Call the Department of Veterans Affairs at 877-823-2378 monthly to process enrollment verification for payment.

Notify the Veterans Coordinator in Moss Hall, immediately concerning any of the following changes:

- Termination of attendance
- Change in credit hours
- Withdrawal or stop of attendance in a course
- Grades of incomplete (I)
- Change in educational program
- Change in address or phone number
Overpayment

If a student makes certain enrollment changes such as failing to commence attendance after receiving an Advance Payment, withdrawing from one or more courses, completing a course and receiving a grade that is not considered when determining progress toward fulfillment of graduation requirement (i.e., a nonpunitive grade), etc., he or she may receive one or more benefit checks in amounts that exceed his or her actual entitlement.

When this occurs, the VA will make a retroactive adjustment to the student’s award and the student will be charged with a debt to the U.S. Government. Legitimate debts that are the result of benefit overpayment should be paid in full by the student within 30 days after the VA sends notification of the debt to the student. **If the debt is not repaid promptly, the debtor will be charged interest and administrative collection costs on the outstanding indebtedness.**

To prevent overpayment, please maintain satisfactory progress as outlined in the Student Responsibilities Section and notify the VA Coordinator **immediately** of any changes (credit hours, change of major, etc) in your academic status.
