

HOW TO CONFIGURE YOUR ANDROID DEVICE FOR CAMPUS E-MAIL

NOTE: Screen Images may differ per device

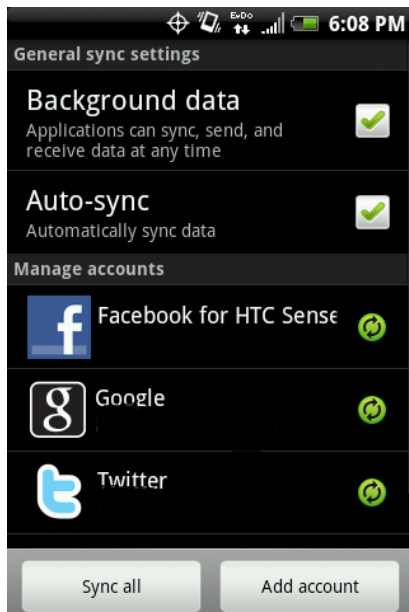

Press the menu key on your device, then Settings.

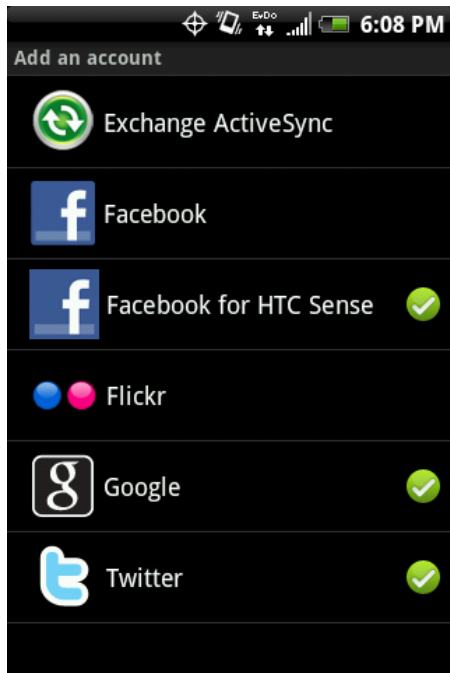

Next, Select Accounts and Sync

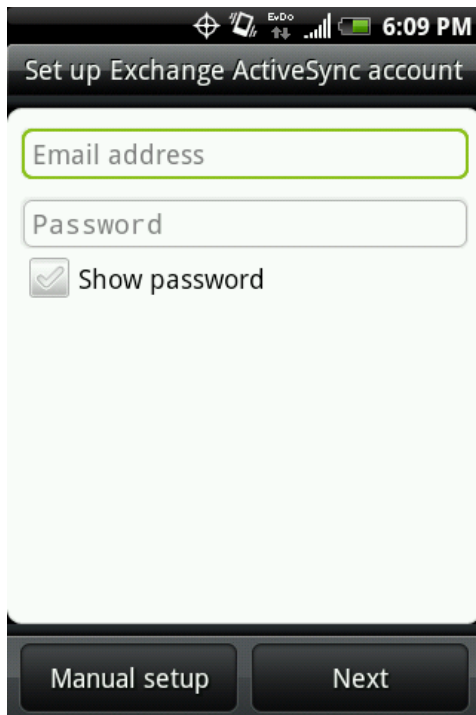

Select Add Account

Select Exchange Active Sync

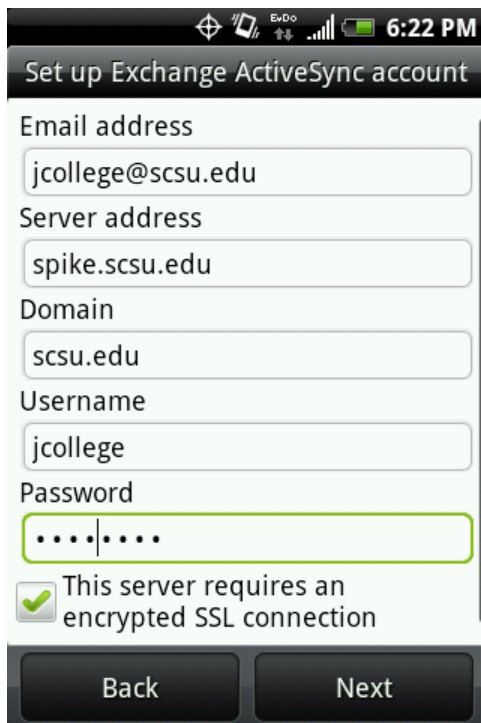

Select Manual Setup

The screenshot shows the 'Set up Exchange ActiveSync account' screen. At the top, the status bar displays '6:09 PM'. Below the title bar, there are two input fields: 'Email address' and 'Password'. A checkbox labeled 'Show password' is checked. At the bottom, there are two buttons: 'Manual setup' and 'Next'. The 'Manual setup' button is highlighted with a green border.

Enter your information by following the example below. Click Next.

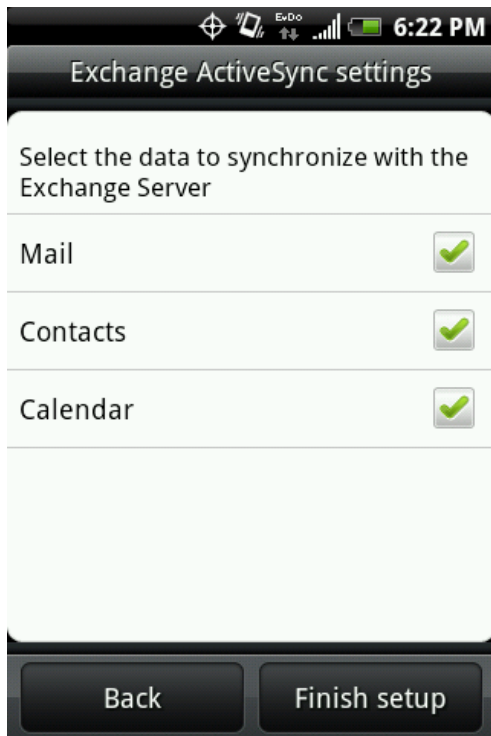

The screenshot shows the 'Set up Exchange ActiveSync account' screen with the following information entered:

- Email address: jcollege@scsu.edu
- Server address: spike.scsu.edu
- Domain: scsu.edu
- Username: jcollege
- Password: (masked)

A checkbox labeled 'This server requires an encrypted SSL connection' is checked. At the bottom, there are two buttons: 'Back' and 'Next'. The 'Next' button is highlighted with a green border.

Select which items to synchronize to your phone and click Finish setup.

Your mail will be synchronized to the mail icon on your home screen or in the programs folder.
